Introduction

Welcome to this user guide, which is designed to tell you all about the Erasmus+ Online Linguistic Support (OLS) platform, and help you use it before, during and after your Erasmus+ mobility. This OLS website includes online language courses that are accessible for Higher Education students, trainees, European Voluntary Service (EVS) volunteers and Vocational Education and Training (VET) students.

Access and Connection to the Erasmus+ OLS Platform

After completing your first language assessment, you will receive an invitation by email to sign up for an online language course (if a language course licence has been assigned to you by your sending institution/coordinating organisation). After you receive this, you will be able to access the course by logging on to the Erasmus+ OLS platform with the same login credentials that you used for the language assessment.

The screenshot displays the Erasmus+ OLS platform interface. At the top, a dark blue header bar contains a yellow airplane icon, the word "English" in white, and the text "UNITED KINGDOM NOVEMBER 2018 > NOVEMBER 2019". On the right side of the header is a link "EDIT MOBILITY" with a pencil icon. Below the header, the interface is divided into three sections. The first section, "1 First Language Assessment", shows the message "You have finished your assessment. Your level: A1-" and a blue button labeled "Download your results" with a download icon. The second section, "2 Language Course", features a blue button labeled "START" and the message "You now have access to your language course." below it. The third section, "3 Final Language Assessment", shows a lock icon and the text "Available on: 17/10/2019".

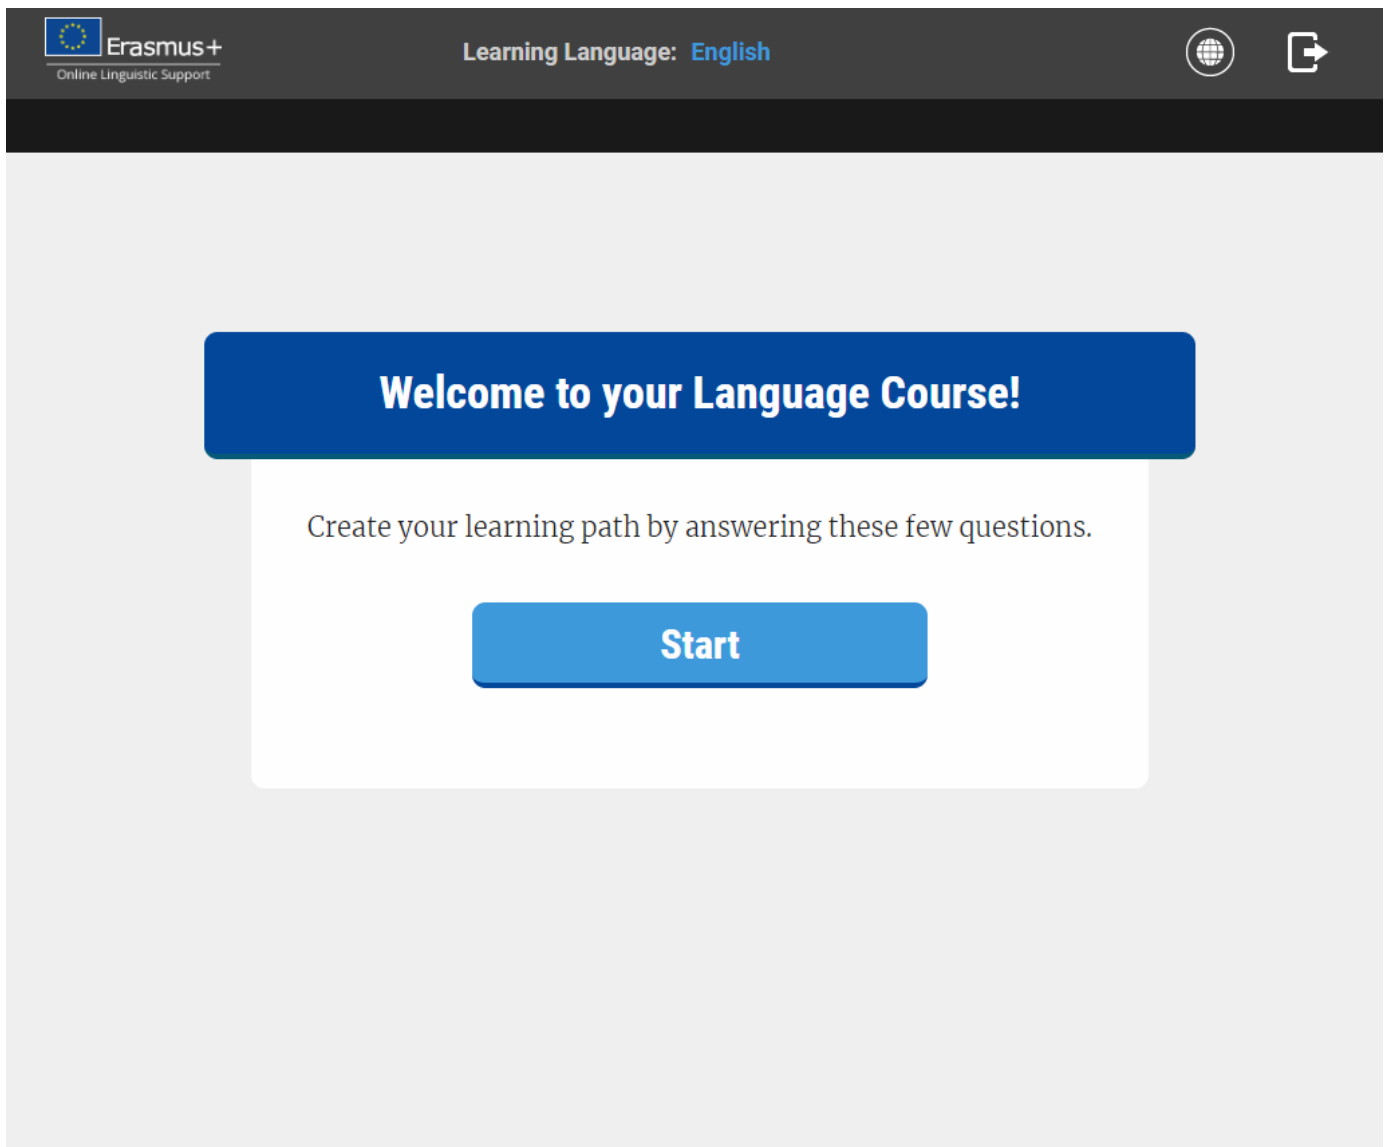

Please note: In the context of multiple mobilities, you may already have a language course licence. If you receive additional access to a language course in connection with your new mobility and the same learning language, your progress is recorded and your access period will be extended to your new mobility dates.

My OLS Language Course

Creating My Learning Path

When you first access the **Erasmus+ OLS** platform, you will be asked a series of questions designed to help create a personalised learning path for you. This step, combined with the results from your first language assessment, creates your personalised learning path by determining the information that appears on your home page and the way you navigate the activities on the site.

However, creating a learning path is not compulsory, and if you decide to start your language course without completing the questions, you can go back and do it later.

Please note: If you are using the OLS language course for a local language, you will be asked to provide a self-assessment of your level in this language, as you will have taken the first language assessment in another language.

Navigating Through My Lessons

On the Erasmus+ OLS Language Course home page, you can access study activities and other tools, such as your profile, history, scores and different help options.

You will also be able to view your learning path here.

Please note: Some features on the platform are only available in certain learning languages, so your home page may vary from one language course to another. To familiarise yourself with the study activities that you can access in your learning language, please refer to the following document.

My Personalised Learning Path

Your home page will show the results of your first language assessment or self-assessment, and it will suggest the first activity to start your personalised learning path. This learning path is personalised to your needs and interests, and will guide you through your language course. Updating your learning path at any time will refresh your content, offering you new content to discover.

The home page will show you the **'My Learning Path'** tab by default. Within this tab, there are two possible display options: the first is a horizontal display in which you can click right or left to navigate, and the second is a list display which shows all your activities as a list.

The screenshot shows the Erasmus+ OLS platform interface. At the top, there are two tabs: 'My Learning Path' (highlighted with a red border) and 'All Lessons'. Below the tabs, there is a video player showing two women in a library setting. A 'Score 0%' overlay is visible on the video. To the left of the video is a purple sidebar with a play button and a back arrow. To the right is a green sidebar with a play button and a forward arrow. Below the video, there is a 'VOCABULARY' section titled 'Making Plans' with the text: 'Following this lesson, you will be able to talk about your plans for the future such as, going on holiday, planning to change your job and all the possible consequences thereof.' Below this text is a '2 / 21' progress indicator. At the bottom, there is a blue button labeled 'Update my Learning Path'. A red arrow points to a toggle switch in the top right corner of the interface.

All Lessons (free navigation)

The '**All Lessons**' tab gives you direct access to all of the learning resources available on the Erasmus+ OLS platform.

If you didn't complete the needs analysis when you first connected to the platform, your home page will display the 'All Lessons' tab by default. In this tab, you are free to choose the self-study modules you prefer, and you can choose to navigate freely on the platform.

Studying a Lesson

To choose a lesson, click on its title or image. The pie chart on the right will either turn green and/or red, depending on the number of activities you complete and the results of your summary test.

The screenshot shows the Erasmus+ Online Linguistic Support interface. At the top, there is a navigation bar with the Erasmus+ logo, the text 'Online Linguistic Support', and 'Learning Language: English'. Below this is a menu with 'Home', 'Live Coaching', 'MOOC Library', 'News', and 'Forum'. The main content area is titled 'Introductions' and features a row of topic buttons: 'INTRODUCTIONS', 'DAILY LIFE', 'SOCIALISING', 'JOBS & HOBBIES', 'MOVEMENT', 'FEELING WELL', and 'BUSINESS LIFE'. Below these, two lesson cards are displayed. The first card, 'Introducing Oneself and Others, Meeting People', is highlighted with a red box and a red arrow. It includes a photo of two people, a description of the lesson objectives, and a 30% completion pie chart. The second card, 'Talking About Family and Friends', includes a photo of a group of people, a description of the lesson objectives, and a 73% completion pie chart.

Introductions

Introducing Oneself and Others, Meeting People

Having mastered this lesson, you will be able to describe yourself accurately and answer your interviewer's questions. You will be able to spell a name and give an exact address. You will expand your vocabulary as far as countries and nationalities are concerned.

30%

Talking About Family and Friends

In this lesson, you will be taught how to provide specific information about members of your family. Afterwards, you will be able to describe their work and their characters in more detail.

73%

How it Works

When you click on a theme, you will see an animation in which key words and expressions have been highlighted. Each animation is made up of a group of exercises that allow for quick revision and practice of the target vocabulary.

For each animation, there are three exercises:

- **Comprehension exercises**, which check your understanding of the conversation,
- **Dictation and spelling** exercises, focused on the spelling of key words in the conversation, and
- **Pronunciation exercises**, which help you correctly pronounce the words and sentences you have learnt. These exercises require the use of headphones equipped with a microphone.

Describing Objects, Places and Buildings

Having completed this lesson, you will become familiar with the names of the different rooms in a house and the common objects found in each as well as the names of the main buildings in a city. You will also be able to briefly describe aspects of your city and even offer a basic tour.

Summary Test

The purpose of the summary test is to check that you have properly acquired the words and expressions that you studied in the lesson. At the end of the test, you will get your score as well as the corrections to any questions you answered incorrectly. After completing the summary test, you can go back over the vocabulary list of the lesson you have been tested on. You will notice that a "✓" is inserted next to words you answered correctly during the test and an "X" next to words you had difficulty with.

The **Pronunciation** module enables you to improve your speaking skills, including the pronunciation of English vowels, consonants and diphthongs. Each sound comes with an example as well as its phonetic transcription. It is advised that you watch the video and try to emulate these sounds and words.

Argumentation Module

The **Argumentation** module is a course designed to train you in articulating your ideas and supporting arguments. It is based on real life examples, enabling you to study commonly used expressions on topics such as work, marriage, politics, entertainment, etc. This module is exclusively available from the B1 (intermediate) level up to the C1 (advanced) level.

Here are our recommendations for how to complete these modules:

- **Watch the video:** Immerse yourself in the language and choose to work on it, with or without subtitles. Click on words to display the meanings of new expressions in the animation.
- **Expand your vocabulary:** The "Vocabulary List" provides a list of key words as well as their definitions, allowing you to expand your knowledge of the language.
- **Check your understanding:** Test your new knowledge by trying out the comprehension and vocabulary exercises.
- **Give an opinion on the theme in question:** The "Follow-Up" section is designed for teachers and groups of learners in order to stimulate debates and the exchange of ideas.

Professions Module

The **Professions** module is intended for participants who obtained a minimum B1 level in their first language assessment. It provides more specialised themes, focused on the professional world, and includes themes such as 'banking', 'job courses', 'correspondence' or 'meetings'. The vocabulary and activities within these modules have been purposefully adapted for the professional world.

Live Coaching

Live Coaching is made up of 2 modules and is accessible from your home page:

- The **MOOCs** are educational, interactive videos designed by native-speaking tutors of the language. During the lesson, you have the option of chatting with your tutor as well as with the other participants.
- The **tutoring sessions** are 30 minute, live, online lessons with a tutor and other Erasmus+ OLS participants. Every tutoring session is taught by an experienced, native-speaking tutor. In these sessions, you have the opportunity to practise your speaking skills, be corrected, and consolidate what you have been learning on the OLS platform. You also have the opportunity to interact with other participants in the class (maximum six participants per session).

On your live coaching dashboard, you will be able to see all scheduled tutoring sessions and MOOCs. Once you have found a session that you are interested in, click on 'Register'.

During the MOOC, you will have the opportunity to chat with your tutor and with other participants, and you can, for instance, ask for an explanation of a particular theme or phrase.

Tutoring sessions

The tutoring sessions give you the opportunity to practise speaking with a native-speaking tutor and other Erasmus+ OLS participants. Share your experiences and benefit from individual correction and feedback during a session, with up to a maximum of six participants. During these sessions, you can participate in games, debates, role plays, challenging exercises and more. These activities will help to improve your pronunciation, vocabulary and develop your confidence in speaking.

You have a choice between the following sessions:

- **Theme-based sessions:** the tutor chooses the theme of the session; and
- **Open-topic sessions:** the participants choose the theme of the session at the start of the class.

Organisation and Registration

Tokens

The tutoring sessions last 30 minutes and can host up to a maximum of six participants. You will need one token for one 30-minute tutoring session. The number of tokens you will be assigned is proportional to the number of weeks of your mobility period. Two weeks of mobility will grant you the right to one token, to be used in any way you like.

LIVE COACHING

Please note that in order to fully benefit from the tutoring sessions, you must have a headset, microphone and webcam.

When you join the session, your webcam and microphone are disabled by default. Activate them by clicking the corresponding buttons on the top left side of the screen. After you enable the webcam, do not forget to click "Enable Sharing". Your tutor will check that you can be seen and heard in the tutoring session. If this is not the case, it is possible to attend the class but you will not be able to actively participate.

9/9

token(s)

Registration

The sessions are categorised by language and level (A, B and C) and offered between 09:00 and 16:00 (UTC + 1; UTC + 2 Central European summer time). You must register at least 24 hours prior to a session.

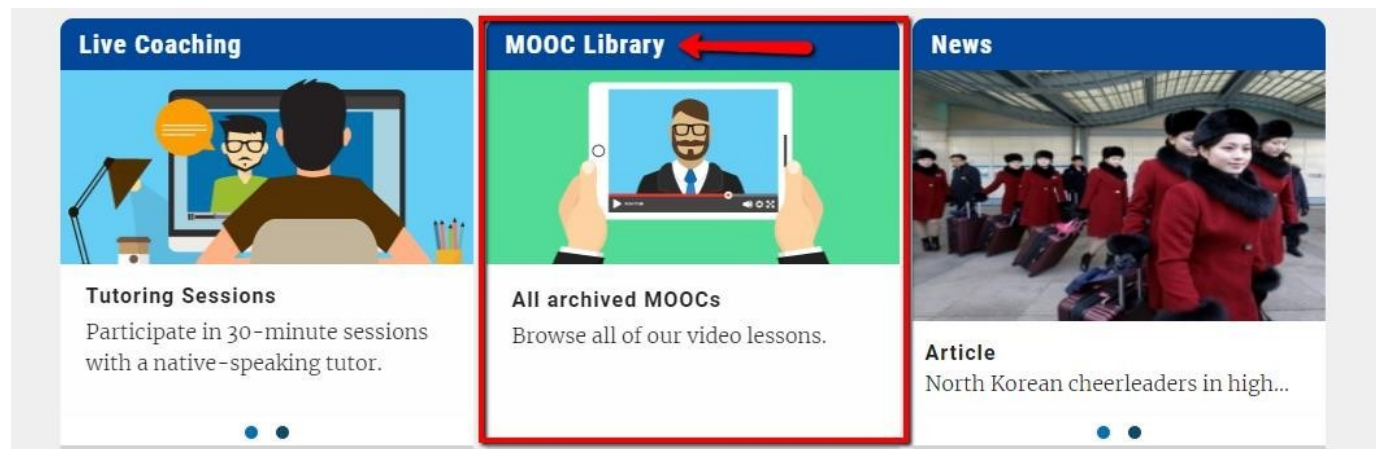

The number of participants in a tutoring session is limited to six. You can always check your dashboard to see if there are still places available for the themed session you are interested in attending.

Equipment

Please note that to benefit fully from the tutoring sessions, headphones with a microphone, and a webcam are essential.

MOOC Library

You will be able to view previously recorded MOOCs by going to the MOOC Library section. They are categorised by level, from level A to level C. You can watch them as often as you like.

Forum

The **Forum**, which is accessible from your home page, is a space for the exchange of ideas with other participants and a tutor, in your learning language. You can share your knowledge and experiences, help other participants, and propose new topics for debate. To ensure that the entire Erasmus+ OLS community can benefit from your questions and responses, we ask you to submit your questions in your learning language (or in English for a level A speaker).

News

The **News** module enables you to develop your comprehension skills by reading the international news. New articles and videos are regularly posted, and feature the latest in news and current affairs.

Almodovar picked to head jury at 2017 Cannes Film Festival

Acclaimed director Pedro Almodovar has been picked to head the jury of the 2017 Cannes Film Festival – becoming the first Spaniard to do so in the event's 70 year history.

Known for his portrayal of human emotions and strong female characters, the 67-year-old

is no stranger to the world's most important film festival, in the south of France.

Five of his movies have competed there, including 'Julietta' last year.

He has been a jury member in the past and in 1999 he was named Best Director at Cannes for 'All About My Mother' which also won him an Oscar for Best Foreign Language Film.

Almodovar won a Best Original Screenplay Academy Award for 2002's 'Talk to Her'.

Known as a significant director in Spain's cultural transition after the death of dictator Francisco Franco in 1975, Almodovar burst onto the international scene with his 1988 Oscar-nominated film 'Women on the Verge of a Nervous Breakdown'.

Reacting to being named as jury president at Cannes, he said in a statement:

"I am grateful, honoured and a bit overwhelmed. I am aware of the responsibility that entails being the president of the jury and I hope to be up to the job. I can only tell that I'll devote myself, body and soul, to this task, that is both a privilege and a pleasure."

Interface Language

If you want to view the OLS platform in another language, you can change the interface language by clicking on the drop-down menu at the top of the page.

Help

From your home page, you can access help features that will give you detailed information about the platform. We recommend that you take advantage of the guided tour which presents all the various features of the OLS language courses.

You are also able to control your history and closely follow your progress in the different lessons, view your statistics and edit your profile.

Record of Participation for the Language Courses

The moment your access period to an OLS language course expires, you will receive an email containing a PDF file with your record of participation. Alternatively, you may download it from the Welcome page of the OLS platform by clicking on **'Record of Participation'** at the top of the page. This record will display the number of hours you have spent on your Erasmus+ OLS language course. Please note that only fully completed hours are recorded on the OLS platform.

We hope you have a successful learning experience with your Erasmus+ OLS language course!
