× Activities

While introducing your activities and flows for each of your Third countries not associated to the Programme, the required EU grant to perform these activities will be automatically calculated. Please be aware that:

- you will be required to introduce an activity as Learner or Staff Mobility at this stage. Later during implementation, you will be able to specify the activity category (studies/ traineeship/ teaching/ training).
- for learner mobility, the related EU grant will be calculated on the basis of the total duration indicated in each flow taking the monthly rate for learners' long-term mobility (2-12 months). Applicants planning to perform short-term student mobilities should reflect the costs for these mobilities inserting the equivalent in monthly rates.
