

HORIZON EUROPE PARTNER SEARCH FORM

Call Topic(s): HORIZON-CL2-2026-01-DEMOCRACY-10: Digital and media literacy as drivers for democratic and civic resilience

Project Type: Research & Innovation Action (RIA)

EXPERTISE/COMMITMENT OFFERED

Form of Participation in a Horizon Europe Project: I am planning to coordinate a project and I am looking for Project Partners

Description of Researcher/Research Team Expertise: Our team brings extensive experience in European project management and coordination, having successfully implemented multiple Erasmus+ projects covering digital literacy, education, and civic engagement. This experience has provided the team with strong competencies in consortium coordination, work package management, budget administration, dissemination, and reporting in line with EU funding requirements. In addition to Erasmus+, the team has been actively involved in preparing and developing proposals for Horizon Europe calls, giving it familiarity with the specific requirements, evaluation criteria, and administrative procedures of Horizon-funded research and innovation actions. This combined expertise ensures the team is well-equipped to coordinate a multidisciplinary consortium and deliver high-quality outputs within the scope of this proposal.

Keywords Specifying Your Expertise: implementation, research, dissemination, project writing, implementation

Activity Offered: Technology, Research, Training, Dissemination, Demonstration

Involvement Proposed/Added-Value to Consortia: We are looking for an experienced coordinator to lead our proposal.

PROFILE OF PARTNER SOUGHT

Role: Technology Development, Research, Dissemination, Demonstration, Training

Country / Region: Leading Countries

Expertise Required: Experienced in successful project writing

PREVIOUS EXPERIENCE

Short Introduction of Key Areas of your previous Research/Innovation projects: Our organisation has coordinated and participated in a number of Erasmus+ projects, with emphasis on developing practical tools, training materials, and methodologies for target groups such as educators, young people, and civil society organisations. These projects strengthened our expertise in non-formal education, capacity building, and cross-border cooperation. Building on this foundation, we have also engaged in the preparation of Horizon Europe proposals, expanding our focus toward research-driven approaches, evidence-based policy recommendations, and innovation actions addressing societal challenges such as disinformation, media literacy, and democratic resilience.
